Alex was a young woman with her whole life ahead of her. She was beautiful, intelligent, and had a bright future. But everything changed when she was brutally murdered by her best friend.

In *Backstabbed*, award-winning journalist Sarah Smith tells the shocking story of Alex's life and death. Through interviews with Alex's family and

friends, Smith paints a vivid portrait of a young woman who was deeply loved and who had everything to live for.

But Smith also uncovers a dark side to Alex's life. She was struggling with depression and anxiety, and she had a history of self-harm. In the months leading up to her murder, Alex was increasingly isolated and withdrawn.

Smith's investigation reveals that Alex's best friend, Amy, was secretly jealous of her. Amy had always been the second fiddle, and she resented Alex's success and popularity. When Alex started to struggle, Amy saw her opportunity to take her down.

On the night of the murder, Amy lured Alex to a remote park. She then brutally stabbed her to death. Alex's body was found the next day, and Amy was arrested shortly after.

*Backstabbed* is a gripping account of a senseless tragedy. It is a story about the dark side of friendship and the devastating consequences of betrayal. It is a must-read for anyone who has ever been betrayed or who has lost a loved one to murder.
