Written by a team of leading experts from around the world, Critical Issues and Directions covers a wide range of topics, including:

- Climate change
- Global inequality
- Resource depletion
- Nuclear proliferation

- Terrorism
- Cybersecurity

For each issue, the authors provide a detailed overview of the problem, its causes, and its potential consequences. They also offer a range of policy options that could be used to address the issue.

Critical Issues and Directions is a must-read for anyone who wants to understand the challenges facing our world today. It is a valuable resource for policymakers, students, scholars, and anyone else who is interested in creating a more sustainable and just future.

Praise for Critical Issues and Directions

"A timely and important book that provides a comprehensive overview of the most pressing global challenges. Critical Issues and Directions is a must-read for anyone who wants to understand the world we live in and the challenges that we need to address." - Kofi Annan, former Secretary-General of the United Nations

"A thought-provoking and insightful analysis of the critical issues facing our world today. Critical Issues and Directions is a valuable resource for policymakers and anyone else who is interested in creating a more sustainable and just future." - Ban Ki-moon, former Secretary-General of the United Nations

"A must-read for anyone who wants to understand the complex challenges facing our world today. Critical Issues and Directions is a valuable contribution to the global conversation on sustainability and social justice." -

Gro Harlem Brundtland, former Prime Minister of Norway and Chair of the World Commission on Environment and Development
