This guide provides an overview of the Hoover Institution's extensive archives and collections, including detailed descriptions of the materials available, research aids, and access policies.

Archives

The Hoover Institution's archives contain over 100,000 linear feet of archival materials, including:

* **Personal papers of prominent individuals:** The Hoover Institution holds the personal papers of over 1,000 prominent individuals, including politicians, economists, historians, and other public figures. These papers provide a wealth of information on a wide range of topics, including the history of the United States, the development of economic thought, and the role of the United States in world affairs. * **Organizational records:** The Hoover Institution holds the organizational records of over 100 organizations, including think tanks, political parties, and businesses. These records provide insights into the history and activities of these organizations, as well as their impact on public policy. * **Government documents:** The Hoover Institution holds a large collection of government documents, including congressional hearings, reports, and other materials. These documents provide a valuable source of information on the history of public policy in the United States. * **Audiovisual materials:** The Hoover Institution holds a large collection of audiovisual materials, including oral histories, television and radio broadcasts, and documentaries. These materials provide a unique perspective on the history of the United States and the development of public policy.

Collections

In addition to its archives, the Hoover Institution also houses a number of specialized collections, including:

* **The East Asian Collection:** The East Asian Collection contains over 100,000 volumes of books, journals, and other materials on East Asia. The

collection includes materials in Chinese, Japanese, Korean, and other East Asian languages. * **The Western Americana Collection:** The Western Americana Collection contains over 50,000 volumes of books, journals, and other materials on the history of the American West. The collection includes materials on a wide range of topics, including exploration, mining, ranching, and Native American history. * **The Military History Collection:** The Military History Collection contains over 20,000 volumes of books, journals, and other materials on military history. The collection includes materials on a wide range of topics, including the American Civil War, the World Wars, and the Cold War. * **The Public Policy Collection:** The Public Policy Collection contains over 100,000 volumes of books, journals, and other materials on public policy. The collection includes materials on a wide range of topics, including economics, political science, and sociology.

Research Aids

The Hoover Institution provides a number of research aids to help researchers access its archives and collections. These aids include:

* **Online catalogs:** The Hoover Institution's online catalogs provide access to descriptions of the materials held in the archives and collections. The catalogs can be searched by keyword, subject, or author. * **Finding aids:** The Hoover Institution's finding aids provide more detailed descriptions of the materials held in the archives and collections. Finding aids are available for individual collections and for specific topics. * **Reference librarians:** The Hoover Institution's reference librarians are available to help researchers find the materials they need. Reference librarians can be contacted by phone, email, or in person.

Access Policies

The Hoover Institution's archives and collections are open to researchers with a valid research affiliation. Researchers must register with the Hoover Institution in Free Download to access the materials. Access to some materials may be restricted due to copyright or privacy concerns.

The Hoover Institution's archives and collections are a valuable resource for researchers, students, and policymakers interested in history, public policy, and economics. This guide provides an overview of the materials available in the archives and collections, as well as research aids and access policies.
