

Orthodox Thinking on Bioethics Foundations

In the ever-evolving landscape of bioethics, the Orthodox Church's voice stands as a beacon of profound wisdom and ethical guidance. "Orthodox Thinking on Bioethics Foundations" is a groundbreaking work that unravels the rich tapestry of Orthodox bioethics, offering a comprehensive exploration of the theological and philosophical underpinnings that shape its stance on the most pressing ethical dilemmas facing medicine today.

With meticulous research and insightful analysis, this book delves into the core principles that anchor Orthodox bioethics. It examines the sanctity of life, the inviolable dignity of every human being, and the importance of discerning the moral implications of medical interventions. The authors skillfully weave together theological insights with practical applications, providing a nuanced understanding of Orthodox perspectives on a wide range of bioethical issues.

Stages on Life's Way: orthodox Thinking on Bioethics (Foundations Series Book 1) by John Breck
