

# Parents' Power and the Child Welfare System: Perspectives on Gender

By [Author Names]

This book explores the complex relationship between parents and the child welfare system, with a particular focus on the role of gender. The authors argue that the system is often biased against parents, especially mothers, and that this bias can have devastating consequences for families. They call for a more just and equitable system that supports parents and families, and that recognizes the importance of gender equality.

## Fixing Families: Parents, Power, and the Child Welfare System (Perspectives on Gender) by Jennifer A. Reich

The book is divided into three parts. The first part provides an overview of the child welfare system and its history. The second part examines the role of gender in the system, and how bias against parents can lead to unfair outcomes. The third part offers recommendations for how to create a more just and equitable system.

The authors draw on a variety of sources to support their arguments, including research studies, case studies, and interviews with parents and child welfare professionals. They also provide a detailed analysis of the legal framework that governs the child welfare system.

This book is a valuable resource for anyone interested in the child welfare system, gender equality, or social justice. It is a must-read for child welfare professionals, policymakers, and advocates.

## **Reviews**

"This book is a groundbreaking work that sheds new light on the role of gender in the child welfare system. The authors provide a compelling analysis of the ways in which bias against parents can lead to unfair outcomes, and they offer important recommendations for how to create a more just and equitable system. This book is essential reading for anyone interested in the child welfare system or gender equality." - [Reviewer Name]

"This book is a must-read for anyone who cares about the well-being of children and families. The authors provide a powerful and persuasive argument that the child welfare system is often biased against parents, especially mothers, and that this bias can have devastating consequences. They offer important recommendations for how to create a more just and equitable system that supports parents and families." - [Reviewer Name]
