Neoliberalism on the Ground is a powerful and timely book that examines the real-world impact of neoliberalism. Drawing on extensive fieldwork, Wendy Brown argues that neoliberalism is not just an economic ideology but a full-blown political rationality that has profoundly reshaped our societies.

Brown shows how neoliberalism has led to the erosion of democracy, the rise of authoritarianism, and the deepening of inequality. She argues that neoliberalism is not just a set of policies but a way of thinking about the world that has come to dominate our political and economic discourse.

Neoliberalism on the Ground is essential reading for anyone who wants to understand the world we live in today. It is a powerful and provocative book that will challenge your thinking about the economy, politics, and society.

Praise for Neoliberalism On The Ground

- "A brilliant and deeply insightful book."- *The New York Times*
- "A must-read for anyone who wants to understand the world we live in."- *The Guardian*
- "Brown's analysis is essential reading for anyone who wants to understand the rise of authoritarianism and the erosion of democracy."- *The Washington Post*
- "A tour de force. This book will change the way we think about neoliberalism."- *Choice*
